

What is KidneyLyfe?

KidneyLyfe is a digital connectivity platform for the kidney community. People from early-stage kidney disease to late-stage disease / on dialysis, transplant recipients, donors and support partners / families are all welcome. Our mission is to help everyone feel less alone in their health journeys through sharing experiences, accessing curated resources and providing both 1:1 and community support.

Who runs the website?

Lyfebulb, a patient empowerment platform and innovation accelerator, has created and manages KidneyLyfe with members of the kidney community.

How is KidneyLyfe related to TransplantLyfe?

KidneyLyfe is a “sister-community” to TransplantLyfe. Content on the **Forum** and **Find a Friend** is shared between the two sites, as kidneys make up the majority of transplants performed. We hope to let people learn what living with a transplant might feel like.
